

I have been listening to Air 1 for over 2 years now. This station 98.7 fm has been a welcome relief from that standard junk I hear on secular fm stations. Air 1 provides positive commentary, positive music, and is supported by people like me. I know that we have thousands upon thousands of Christian AND non-Christian listeners tuning in to Air 1 on a daily basis. If the FCC chooses to displace Air 1 with an LPFM broadcaster providing other programming, I and thousands of others in my area, as well as across the country, would be devastated. Air 1 is one of only 4 Christian radio stations in the Treasure Valley area. They offer a great type of alternative that kids enjoy as well as adults. I believe that it is in the public's best interest to leave the fm translators alone and not displace them with LPFM station. I am going to be DEEPLY disappointed if LPFM replaces my current fm station/translator. I am also calling my Congressman, Senator, and anyone else that can help us in the state of Idaho. Thank You and Good Day.
